SELLS TWO KARAKOOL BUCKS AT \$5000

D. C. Young, of El Paso, has just shipped two fine Karakool bucks to Joe Simonson, of Middletown, Texas, for breeding purposes. Mr. Simonson, who is a native of Middletown, Frank Lowden, son-in-law of Geo. E. Pullman, of Pullman car fame, has been breeding some of these sheep and in the deal just closed he exchanges two of his own Karakool bucks, sons of bucks he originally bought from Dr. Young, and pays \$5000 in cash to Dr. Young. This makes \$5000 the actual price secured by Dr. Young for his two bucks, even valuing the two he secured in trade at only \$2500.

It was necessary for Mr. Simonson to buy the new ones, as he could not use his own bucks because of their relationship to the rest of the flock and in-breeding is to be avoided to get good results. The bucks bought from Dr. Young are among his recent importations.

J. G. McNary, of the First National bank, confirms the price received from Mr. Simonson by Dr. Young for the two bucks.

A Remarkable Offering of Men's
Twenty-Two-Fifty Suits at \$22.50

A man said to us the other day: "What do you think of So-and-So offering \$35 suits at \$22.50? And we said to him: "So-and-So is the best judge of the value of his own merchandise"

GENTLEMEN, we have a wonderful line of Twenty-Two-Fifty Suits awaiting your inspection.

It is not improbable that many clothing shops would state their worth as thirty-five dollars or more.

We will even admit that they are worth that much, according to the standards of some stores.

But according to our standards, they are worth just twenty-two-fifty—and all of twenty-two-fifty.

If, however, you want a thirty-five dollar suit at twenty-two-fifty, the "Popular" is not the store for you.

There are two reasons why we do not sell \$35 suits at \$22.50: First, we cannot afford it; second, the judgment of the public renders it quite unnecessary.

But we will sell you a twenty-two-fifty one or two-piece Hart Schaffner & Marx, Rogers Peet or "Fitform" Suit at twenty-two-fifty that, for individuality of style, cannot be matched at this price North, South, East nor West of the "Popular."

WEEKLY LUNCHEONS
ARE GROWING FAST

The entire main dining room of Hotel Sheldon has been engaged for the chamber of commerce luncheon for Thursday. Interest has been increasing steadily and the attendance has gradually grown each week. This week the response is such as to indicate that

every seat in the main dining room of the hotel will be taken.

The membership of the chamber is growing fast, owing to the untiring efforts of P. E. Kern, who has already signed 60 new members this week and expects to have more to report at the Thursday luncheon.

For the purpose of securing funds to pay the indebtedness of the chamber of commerce and also to arrange for an advertising fund, the directors of the chamber of commerce are meeting with the trustees of the budget fund this afternoon.

FIND MISSING COW HAD BEEN TAKEN TO JUAREZ

A dairy cow, valued at \$250, alleged to have been stolen from the Alhambra dairy between the hours of 10 o'clock and midnight Friday, was located by the owner Tuesday at Juarez. The animal is one of the most valuable belonging to the dairy, and was picked out of a herd of 72 others. After the cow was taken, the police say she was smuggled across the river to Juarez and there sold.

A representative of the El Paso police department accompanied the owner to Juarez Wednesday to attempt to recover the cow, but the mayor of Juarez told them he could do nothing to help get her back and referred them to two lawyers. Calling on the first, the El Paso police official and cow owner were informed that he was too busy to do anything. He also said there would be no use calling on the other lawyer, as he was also too busy.
